

# **LONG ISLAND ADVOCATES FOR POLICE ACCOUNTABILITY**

**On June 2, 2020, the Governor of the State of New York signed Executive Order 203:**

## **NEW YORK STATE POLICE REFORM AND REINVENTION COLLABORATIVE**

**The Executive Order states that based upon the following:**

- The Constitution of the State of New York obliges the Governor to take care that the laws of New York are faithfully executed;
- beginning on May 25, 2020, following the police-involved death of George Floyd in Minnesota, protests have taken place daily throughout the nation and in communities across New York State in response to police-involved deaths and racially-biased law enforcement to demand change, action, and accountability; and
- there is a long and painful history in New York State of discrimination and mistreatment of black and African-American citizens dating back to the arrival of the first enslaved Africans in America; and
- this recent history includes a number of incidents involving the police that have resulted in the deaths of unarmed civilians, predominantly black and African-American men, that have undermined the public's confidence and trust in our system of law enforcement and criminal justice, and such condition is ongoing and urgently needs to be rectified; and
- these deaths in New York State include those of Anthony Baez, Amadou Diallo, Ousmane Zango, Sean Bell, Ramarley Graham, Patrick Dorismond, Akai Gurley, and Eric Garner, amongst others, and, in other states, include Oscar Grant, Trayvon Martin, Michael Brown, Tamir Rice, Laquan McDonald, Walter Scott, Freddie Gray, Philando Castile,

Antwon Rose Jr., Ahmaud Arbery, Breonna Taylor, and George Floyd, amongst others,

- recent outpouring of protests and demonstrations which have been manifested in every area of the state have illustrated the depth and breadth of the concern; and
- black lives matter; and

the foregoing compels me to conclude that urgent and immediate action is needed to eliminate racial inequities in policing, to modify and modernize policing strategies, policies, procedures, and practices, and to develop practices to better address the particular needs of communities of color to promote public safety, improve community engagement, and foster trust; and

in coordination with the resources of the Division of Criminal Justice Services, the Division of the Budget can increase the effectiveness of the criminal justice system by ensuring that the local police agencies within the state have been actively engaged with stakeholders in the local community and have locally-approved plans for the strategies, policies and procedures of local police agencies; and

**The Governor Ordered and Directed:**

The director of the Division of the Budget, in consultation with the Division of Criminal Justice Services, to promulgate guidance to be sent to all local governments

**directing that:**

Each local government entity which has a police agency operating with police officers as defined under 1.20 of the criminal procedure law must perform a comprehensive review of current police force deployments, strategies, policies, procedures, and practices, and develop a plan to improve such deployments, strategies, policies, procedures, and practices, for the purposes of addressing the particular needs of the communities served by such police agency and promote community engagement to foster trust, fairness, and legitimacy, and to address any racial bias and disproportionate policing of communities of color.

Each chief executive of such local government shall convene the head of the local police agency, and stakeholders in the community to develop such plan,

which shall consider evidence-based policing strategies, including but not limited to, use of force policies, procedural justice; any studies addressing systemic racial bias or racial justice in policing; implicit bias awareness training; de-escalation training and practices; law enforcement assisted diversion programs; restorative justice practices; community-based outreach and conflict resolution; problem-oriented policing; hot spots policing; focused deterrence; crime prevention through environmental design; violence prevention and reduction interventions; model policies and guidelines promulgated by the New York State Municipal Police Training Council; and standards promulgated by the New York State Law Enforcement Accreditation Program.

The political subdivision, in coordination with its police agency, must consult with stakeholders, including but not limited to membership and leadership of the local police force; members of the community, with emphasis in areas with high numbers of police and community interactions; interested non-profit and faith-based community groups; the local office of the district attorney; the local public defender; and local elected officials, and create a plan to adopt and implement the recommendations resulting from its review and consultation, including any modifications, modernizations, and innovations to its policing deployments, strategies, policies, procedures, and practices, tailored to the specific needs of the community and general promotion of improved police agency and community relationships based on trust, fairness, accountability, and transparency, and which seek to reduce any racial disparities in policing.
